Description:

This politically conservative email list is comprised of individuals who are vocal supporters of President Donald Trump, Ron DeSantis, as well as activists and donors to other conservative causes and candidates. Many members have been active in the America First Movement. They use technology to influence elected officials on an array of topics with a strong appeal toward limited government, family values and strong national defense.

The 1776 Coalition is dedicated to motivating every citizen to participate in the 21st Century Revolution to preserve the United States as a "government of the people, by the people, for the people." The fundamental premise of The 1776 Coalition is that person-to-person validation is the key to improving our country and personal liberty.

Members of this list have responded to political and consumer marketing appeals of a like mind. They actively voice their opinions with the intent to restore the vision of the Founding Fathers.
