Description:

These freedom-loving Americans have proven to be a force in American politics. These individuals have already responded in droves to many GOTV efforts on behalf of statewide candidates and organizations. They are focused on helping President Trump with the America First Agenda, repealing Biden policies, and supporting candidates who will help Save America.

Members of this list work to ensure our elected leaders hear from the People, not the lobbying class about the key issues of the day and they do so by responding to a variety of campaigns, surveys and petitions. They have a proven history of sticking to their conservative principles as well as buying and donating to like-minded causes. The list comprises of people who opted-in during multiple statewide initiatives and therefore the list contains significant members who can receive geo-targeted offers in more than a dozen states.

Even in non-electoral years, members of this list continue to fight the socialist agenda in Congress and depriving obstructionist Democrats from raising taxes, attacking the American family, weakening the United States military, and getting America back to their true values!
