Description:

Members of the Gun Owners Masterfile are strongly concerned about liberal attempts at the state and federal level to abolish the American, Constitutional right to keep and bear arms. Their concerns have been heightened as a result of the attacks on the 2nd Amendment following the liberal attacks on the 2nd Amendment since Joe Biden entered the White House. While initially the list was created following the school shooting in Parkland, Florida, as well as Democratic attempts in the 2019 Congress to limit our 2nd Amendment rights.

These gun owners and supporter of the Second Amendment have signed petitions to state and national political leaders in support of their rights to keep and bear arms and increased since Gun Appreciation Day and other public attacks on the 2nd Amendment. These subscribers are highly responsive to political and non-political offers of a similar philosophy.
