Description:

Breitbart News is one of America's leading news organizations.

Breitbart routinely features exclusive interviews and original content with and from American and world leaders. It was conceived in 2007, when two Jewish-American best friends – Andrew Breitbart and Larry Solov – took a trip to Israel together.

There, they decided to partner and create Breitbart News with the idea that truthful reporting and the free and open exchange

of ideas is essential to maintain a robust democracy. With that foundation and the unwavering belief in the greatness of America, Breitbart News has grown into an international news company with bureaus in Washington DC, Los Angeles, London, Jerusalem and Rome.

It has been lauded by the New York Times for having one of the most diverse newsrooms in the industry, and it has become a powerhouse on social media and radio....all due to the overarching premise that freedom flourishes with more voices, not fewer.
